Upcoming Virtual Events

UCI Brain sends out a monthly digest of upcoming brain-related events, news, and positions from units across campus. Check out the complete event calendar and submit your event.

“Lab-Grown Brains: New Models to Study Neurological Disorders”
Sue & Bill Gross Stem Cell Research Center

September 7, 2021
7:00 pm - 8:00 pm

2020-2021 Stem Cell Community Lecture Series

Join the Sue & Bill Gross Stem Cell Research Center for their community lecture series where physician scientists and basic science researchers provide an opportunity to learn more about stem cells, including current research, clinical trials, therapies, and the future of regenerative medicine. September’s lecture is by Momoko Watanabe, PhD, and Claire Henchcliffe, MD, DPhil. This event will be held in person and live-streamed on Zoom.

32nd Annual SoCal Alzheimer’s Disease Research Conference

UCI MIND & Alzheimer’s OC

September 10, 2021
8:00 am - 12:00 pm

Join Alzheimer’s Orange County and UCI MIND for the 32nd Annual Southern California Alzheimer’s Disease Research Conference. This free, half-day, virtual conference will cover a wide range of topics concerning Alzheimer’s disease, from updates on research, to treatments, diagnostics, risk factors, and genetic resilience. The impact of the COVID-19 pandemic on brain health will also be discussed.

New Positions

The UCI Brain community is hiring. Below are a few of the open positions at UCI. Visit our website to view all positions and to submit your open position for inclusion on our website.

Faculty Positions:
Health Sciences Clinical Professor Series – Neurology
School of Medicine – Neurology
Final Date: June 30, 2022

Health Sciences Clinical Instructor
School of Medicine – Neurosurgery
Final Date: June 30, 2022

Postdoctoral Fellows/Project Scientists:
Specialist Series – Neuroengineering
Henry Samueli School of Engineering – Biomedical Engineering
Final Date: June 3, 2022

Postdoctoral Scholar Series – Open Positions
School of Biological Sciences – Neurobiology and Behavior
Final Date: June 30, 2022

Research Staff:
Clinical Research Coordinator
Public Health Dean’s Office
Open until filled

Student Assistant
Center for the Neurobiology of Learning and Memory
Final Date: September 14, 2021

Join the Sue & Bill Gross Stem Cell Research Center for their community lecture series where physician scientists and basic science researchers provide an opportunity to learn more about stem cells, including current research, clinical trials, therapies, and the future of regenerative medicine. September's lecture is by Momoko Watanabe, PhD, and Claire Henchcliffe, MD, DPhil. This event will be held in person and live-streamed on Zoom.

32nd Annual SoCal Alzheimer's Disease Research Conference
UCI MIND & Alzheimer's OC
September 10, 2021
8:00 am - 12:00 pm
Join Alzheimer's Orange County and UCI MIND for the 32nd Annual Southern California Alzheimer's Disease Research Conference. This free, half-day, virtual conference will cover a wide range of topics concerning Alzheimer's disease, from updates on research, to treatments, diagnostics, risk factors, and genetic resilience. The impact of the COVID-19 pandemic on brain health will also be discussed.

Conte Center Seminar Series with Alicia K. Smith, PhD
Conte Center @ UCI
September 14, 2021
1:00 pm - 2:30 pm
Epigenetic Consequences of Trauma Exposure Across the Lifespan
Join the Conte Center @ UCI in a virtual seminar featuring Alicia K. Smith, PhD. Dr. Smith is an Associate Professor from Emory University School of Medicine, Department of Gynecology and Obstetrics.

CNCM Seminar: Hong Wei Dong, PhD
UCI Center for Neural Circuit Mapping
September 21, 2021
11:00 am - 12:00 pm
UCI CNCM Seminar Series
Join the UCI Center for Neural Circuit Mapping in a seminar featuring Dr. Hong Wei Dong of UCLA where he will be presenting his latest research.

CNLM Colloquium with Nii Addy, PhD
Center for the Neurobiology of Learning and Memory
September 28, 2021
11:00 am - 12:00 pm
CNLM Colloquium Series
The CNLM will be hosting Dr. Nii Addy, Associate Professor of Psychiatry at the Yale School of Medicine, in a colloquium where he will present his latest research. This year, the series will be held in a virtual format with some speakers presenting in-person as well. We will keep registered participants updated on the possibility of an in-person event as the situation with COVID-19 evolves.
