Dear colleagues,

UCI Brain has launched an Ask an Expert series to showcase some of the premium features of Dimensions. Each month, we will feature a video answering a question posed by the UCI community. We know your time is limited, so we will keep these videos under seven minutes.

For those who haven’t used Dimensions, it is a comprehensive data platform with features including the ability to cross-access research publications, awarded grants, patents, clinical trials, and policy documents. UCI Brain is offering all those involved in brain-related research a premium subscription to this platform. Watch our tutorial on accessing Dimensions to learn more.

Submit your question to brain@uci.edu for a chance to be featured in this series.

Sincerely,

Michael A. Yassa Ph.D.
Director, UCI Brain Initiative

Upcoming Virtual Events

UCI Brain sends out a monthly digest of upcoming brain related events, news and positions from units across campus. Check out the complete event calendar and submit your event.

Anastasia Brodovskaya

Department of Anatomy and Neurobiology, School of Medicine

November 5, 2020
10:00 am - 11:00 am

Anastasia Brodovskaya, a Graduate Student in Jaideep Kapur's lab at University of Virginia, will present her latest epilepsy-related research. This event is part of the NextGen Epilepsy Seminar Series which features postdocs and graduate students. This event is sponsored by the Epilepsy Research Center and the Department of Anatomy & Neurobiology. Learn More
Facebook LIVE Q&A: How does heart health impact the brain? with Dr. Daniel Nation
Institute for Memory Impairments and Neurological Disorders

November 6, 2020
11:00 am - 11:30 am
Dr. Daniel Nation, professor at USC, will be discussing the relation between heart health and the brain. Learn More

Gina Poe, Ph.D.
UCI Center for Neural Circuit Mapping

November 10, 2020
11:00 am - 12:00 pm
Sleep to reframe your perspective: neural mechanisms at work to reconsolidate memories in light of new information

Dr. Gina Poe is a Professor in the Department of Integrative Biology and Physiology at UCLA. She is one of the speakers in the UCI Center for Neural Circuit Mapping 2020-2021 Seminars. Learn More

Caring for the Caregiver
Institute for Memory Impairments and Neurological Disorders

November 10, 2020
4:00 pm - 5:30 pm
Join UCI School of Nursing and UCI MIND for a virtual discussion and Q&A with experts on the unique challenges facing dementia caregivers during the COVID-19 pandemic. Learn More

Catherine Woolley, Ph.D.
Epilepsy Research Center

November 17, 2020
1:00 pm - 2:00 pm
Dr. Catherine Woolley is a William Deering Professor in the department of neurobiology at Northwestern University. She is one of the speakers in the 2020/21 EpiCenter Seminar Series. Learn More

Cognitive decline distorts political choices, UCI-led study says
Dear colleagues,

UCI Brain has launched an 'Ask an Expert' series to showcase some of the premium features of Dimensions, which includes access to over 100 million academic records across multiple databases with powerful search and access tools. Our goal is to make it easier to find research related to brain sciences.

For those who haven't used Dimensions, it is a comprehensive data platform with features including the ability to cross-access research publications, awarded grants, patents, clinical trials, and policy documents. UCI Brain is offering all those involved in brain-related research a premium subscription to this platform. Watch tutorials on accessing Dimensions under seven minutes.

For those who aren't involved in brain-related research but would like to know more about the premium features of Dimensions, you can submit your question to brain@uci.edu and our team will respond with a tutorial on accessing Dimensions.

Each month, we will feature a video tutorial on accessing Dimensions. For those who haven't used Dimensions, it is a comprehensive data platform with features including the ability to cross-access research publications, awarded grants, patents, clinical trials, and policy documents. Upcoming Virtual Events

- **10/28/20** - UCI Brain Launches Dimensions Tutorials in the 'Ask an Expert' Series
- **10/27/20** - Cancer treatment without side effects: UCI & Swiss researchers eliminate brain tumors without damaging cognition
- **10/23/20** - NIH Awards Over $100 Million to Examine Biomarkers of Alzheimer's Disease in Adults with Down Syndrome
- **10/20/20** - A Big Alzheimer's Drug Study Is Proceeding Cautiously, Despite The Pandemic
- **10/19/20** - How to better support Black trainees in the biomedical sciences
- **10/15/20** - UCI-led researchers receive $3 million NIH grant for 4D Nucleome project
- **10/12/20** - What Doomscrolling Does to the Brain

Visit our website to view all positions and to submit your open position for a chance to be featured in this series.

Sincerely,

Michael A. Yassa Ph.D.

Director, UCI Brain Initiative

The UCI Brain community is hiring. Below are a few of the open positions at UCI.

- **Research Staff Positions:**
  - School of Social Ecology/Psychological Science
  - Final Date: Dec 31, 2020
- **Postdoctoral Scholar Positions:**
  - School of Social Sciences - Cognitive Sciences
  - Postdoctoral Scholar - Learning and Decision Neuroscience Lab
  - Final Date: Sep 30, 2021
  - School of Medicine - Anatomy and Neurobiology
  - Postdoctoral Scholar - Reeve-Irvine Research Center
  - Final Date: Jun 30, 2021
  - School of Medicine - Neurosurgery
  - Health Sciences Clinical Instructor
- **Faculty Position:**
  - 2020/21 EpiCenter Seminar Series.

Catherine Woolley, Ph.D.

Dr. Catherine Woolley is a William Deering Professor in the department of Neurobiology at Northwestern University. She is one of the speakers in the 1:00 pm - 2:00 pm November 17, 2020 Epilepsy Research Center Caring for the Caregiver discussion and Q&A with experts on the unique challenges facing dementia caregivers during the COVID-pandemic.

Dr. Gina Poe is a Professor in the Department of Integrative Biology and Physiology at UCLA. She is one of the speakers in the 11:00 am - 12:00 pm November 6, 2020 Institute for Memory Impairments and Neurological Disorders Facebook LIVE Q&A: How does heart health impact the brain? with Dr. Daniel Nation, professor at USC, will be discussing the 11:00 am - 11:30 am November 5, 2020 UC Institute for Memory Impairments and Neurological Disorders Impact of heart disease on the brain: What we don't know yet, and progress in research. This event is part of the NextGen Epilepsy Seminar Series which sends out a monthly digest of upcoming brain-related events, news and inclusions on our website.
Dear colleagues,

UCI Brain has launched an ‘Ask an Expert’ series to showcase some of the premium features of Dimensions, a comprehensive data platform with unlimited, cross-access to research publications, awarded grants, patents, clinical trials, and policy documents. UCI Brain is offering all those features including the ability to cross-access research publications, awarded grants, patents, clinical trials, and policy documents. UCI Brain is offering all those features, or Associate Specialist School of Social Ecology/ Psychological Science Final Date: Dec 31, 2020

Faculty Position:

Health Sciences Clinical Instructor
School of Medicine - Neurosurgery
Final Date: Jun 30, 2021

Health Sciences Clinical Series
School of Medicine - Psychiatry and Human Behavior
Final Date: Jun 30, 2021

Postdoctoral Fellows / Project Scientists Positions:

Postdoctoral Scholar - Reeve-Irvine Research Center
School of Medicine - Anatomy and Neurobiology
Final Date: Sep 30, 2021

Postdoctoral Scholar - Learning and Decision Neuroscience Lab
School of Social Sciences - Cognitive Sciences
Final Date: Jun 30, 2021

Research Staff Positions:

Junior Specialist in Digital Mental Health
School of Social Ecology/ Psychological Science
Final Date: Dec 31, 2020

Submit your question to our involvement on our website. We know your time is limited, so we will keep these videos under seven minutes.
