

BRAIN CIRCUIT

Monthly brain-related updates for the UCI community

[UCI Brain](#) sends out a monthly digest of upcoming brain-related events hosted by units from across campus. Check out the complete [event calendar](#) and [submit your event](#).

Upcoming Scientific Events

[MSTP 35th Annual Distinguished Lecture Series](#)

[UCI Medical Scientist Training Program](#)

January 13, 2020

4:00 pm - 5:00 pm

A critical role for lysosomes in neurodegenerative disease.

The 35th MSTP Annual Distinguished Lecture will feature Aimee Kao, MD, PhD, a professor of neurobiology at the University of California, San Francisco. [Learn More](#)

[Joan L. Luby, M.D.](#)

[Conte Center @ UCI](#)

January 21, 2020

4:00 pm - 5:00 pm

Early childhood depression: clinical and neural characteristics.

The Conte Center @ UCI will host Dr. Joan L. Luby, a professor of child psychiatry at Washington University School of Medicine in St. Louis. For more information, contact Dina Jankowski at djankows@uci.edu. [Learn More](#)

[The 26th Distinguished Lecture on Brain, Learning and Memory](#)

[Center for the Neurobiology of Learning and Memory](#)

January 27, 2020

7:30 pm - 9:00 pm

Conscience: The Origins of Moral Intuition

Dr. Patricia Churchland, neurophilosopher and professor emerita of philosophy at UCSD, will present the 26th Annual Distinguished Lecture on Brain, Learning and Memory. This event is co-hosted by the Center for the Neurobiology of Learning and Memory and the School of Social Ecology.

[Autumn S. Ivy, M.D., Ph.D.](#)

[Center for the Neurobiology of Learning and Memory](#)

January 28, 2020
11:00 am - 12:00 pm

Exercise during early life enables memory and synaptic plasticity: role of the epigenome.

The CNLM Colloquium Series brings learning and memory scientists from around the world to UC Irvine. This month, Autumn S. Ivy, M.D., Ph.D., from the UCI School of Medicine, will present the latest research from her lab. [Learn More](#)

[Sally Temple, Ph.D.](#)

[Stem Cell Research Center](#)

January 30, 2020
7:00 pm - 8:00 pm

I Need a New Brain. Are Stem Cells the Answer?

Sally Temple, Ph.D. from the Neural Stem Cell Institute will be the featured speaker during the Stem Cell Science Symposium sponsored by the Sue and Bill Gross Stem Cell Research Center.

New Positions

The UCI Brain community is expanding! Below are just a few of the many open positions at UCI. [Visit our website](#) to view all positions and to submit your open position for inclusion on our website.

Faculty Positions:

[Health Sciences Clinical Instructor](#)

Department of Neurosurgery
Final Date: June 30th, 2020

[Clinical Psychology Associate or Full Professor](#)

Department of Psychological Science
Final Date: March 31, 2020

Postdoctoral Fellows / Project Scientists Positions:

[Postdoctoral Scholar – Geoffrey Abbott Lab](#)

Department of Physiology & Biophysics
Final Date: January 31st, 2020

[Postdoctoral Scholar – Daley Lab](#)

Department of Ecology & Evolutionary Biology

Final Date: February 29th, 2020

Research Staff Positions:

[Specialist Series – Neurocircuitry – Full time](#)

Department of Psychiatry & Human Behavior

Final Date: June 30th, 2020

[Junior Specialist – Daley Lab](#)

Department of Ecology & Evolutionary Biology

Final Date: Jan 15, 2020
