

BRAIN CIRCUIT

Monthly brain-related updates for the UCI community

Dimensions Spotlight

The advertisement features a dark blue background. On the left, the text "ask an EXPERT" is displayed in yellow and white, with a speech bubble icon containing a question mark. Below this, a quote reads: "What is Altmetrics data, and what does it tell me?". To the right of the quote is a red YouTube play button icon. Further right, the word "Dimensions" is written in white, with "Team Science Development Tool" in a yellow box below it. A hexagonal diagram shows various data sources: Data Sets, Grants, Patents, Publications (highlighted in yellow), Clinical Trials, Online Mentions, and Policy Documents. A yellow arrow points from the quote to the text "LEARN DIMENSIONS IN UNDER 7 MINUTES". At the bottom right, the "UCI Brain" logo is visible. Below the main graphic, a paragraph describes Dimensions as a comprehensive data platform and provides a link to learn more.

Dimensions is a comprehensive data platform with features including the ability to cross access research publications, awarded grants, patents, clinical trials, and policy documents. UCI Brain is offering all those involved in brain-related research a premium subscription to this platform. Find out [more by visiting brain.uci.edu/dimensions](https://brain.uci.edu/dimensions).

Submit your question to brain@uci.edu
for a chance to be featured in this series.

Upcoming Virtual Events

[UCI Brain](#) sends out a monthly digest of upcoming brain-related events, news, and positions from units across campus. Check out the complete [event calendar](#) and [submit your event](#).

[Eric Nestler, PhD](#)

[Department of Neurobiology and Behavior](#)

March 2, 2021

11:00 am - 12:00 pm

Neurobiology and Behavior Distinguished Colloquium

Genetic and Circuit Mechanisms to Close Critical Periods for Neural Plasticity

Dr. Nestler is the Nash Family Professor of Neuroscience, Director of the Friedman Brain Institute and Dean for Academic and Scientific Affairs at the ICHAN School of Medicine at Mount Sinai. His laboratory studies the molecular mechanisms of drug addiction and depression in animal models. The goal of Dr.

Nestler's research is to better understand the molecular mechanisms of addiction and depression.

[Learn More](#)

[Alicia Izquierdo, PhD](#)

[Center for the Neurobiology of Learning and Memory](#)

March 9, 2021

11:00 am - 12:00 pm

CNLM Virtual Colloquium

Frontocortical circuits in reward learning and choice under uncertainty

Join the Center for the Neurobiology of Learning and Memory for a virtual colloquium with Alicia Izquierdo, Ph.D., Behavioral Neuroscience Professor from the UCLA Department of Psychology.

[Learn More](#)

[Emily Ling-Lin Pai, MD, PhD](#)

[Department of Anatomy and Neurobiology, School of Medicine](#)

March 11, 2021

10:00 am - 11:00 am

NextGen Epilepsy Seminars

Emily Ling-Lin Pai, MD, PhD, a postdoc in John Rubenstein's lab at UCSF, will present her latest epilepsy-related research. This event is part of the NextGen Epilepsy Seminar Series which features postdocs and graduate students. This event is sponsored by the Epilepsy Research Center and the Department of Anatomy & Neurobiology.

[Learn More](#)

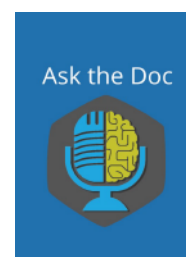

[ASK THE DOC: What is frontotemporal dementia?](#)

[UCI Institute for Memory Impairments and Neurological Disorders](#)

March 11, 2021

12:00 pm - 12:30 pm

Facebook & YouTube Live Event

Ask the Doc is an informative live video series focused on the most pressing questions about frontotemporal dementia, featuring Dr. Ahmad Sajjadi, Assistant

Professor of Neurology in the UCI School of Medicine.

[Learn More](#)

[Conte Center @ UCI 8th Annual Symposium](#)

[Conte Center @ UCI](#)

March 16, 2021

9:00 am - 1:30 pm

***Mechanisms of fear, threat and trauma memory encoding:
Relevance for PTSD***

Join the Conte Center @ UCI 's [8th Annual Symposium](#) featuring Professor of Psychiatry and Chief Scientific Officer of Harvard University, Kerry Ressler, M.D., Ph.D., as keynote speaker.

[Learn More](#)

[Cognitive Care Solutions Presents: Dana Greenia](#)

[UCI Institute for Memory Impairments and Neurological Disorders](#)

March 17, 2021

12:00 pm - 1:00 pm

Dana Greenia is a registered nurse, clinical researcher and co-investigator in the 90+ study, a NIH-NIA funded population-based investigation of people over the age of 90. She will discuss the study and the updates that she and her team have learned.

[Learn More](#)

[12th Annual Emerging Scientists Symposium](#)

[UCI Institute for Memory Impairments and Neurological Disorders](#)

March 18, 2021

9:00 am - 12:30 pm

Please join [REMIND](#) and UCI MIND for

its 12th Annual Emerging Scientists Symposium on Thursday, March 18th on Zoom with keynote speaker, Tony Wyss-Coray, PhD, D.H. Chen Professor II of Neurology & Neurological Sciences at Stanford University.

[Learn More](#)

[4C the Future: Compassion](#)

[UCI Brain](#)

March 22, 2021

6:30 pm - 8:00 pm

Join UCI Brain virtually for our inaugural UCI Brain Dialogue Series, 4C the Future. UCI faculty from across the UCI campus will discuss Compassion. The UCI Brain Dialogue series is a monthly forum that brings together researchers studying one phenomenon from various perspectives.

[Learn More](#)

[EpiCenter Annual Symposium](#)

[Epilepsy Research Center](#)

March 23, 2021

9:00 am - 3:00 pm

[Dr. Elizabeth Thiele](#), professor of neurology at Harvard Medical School, will be the keynote speaker during the EpiCenter Annual Symposium.

[Learn More](#)

[Wei Xu, Ph.D.](#)

[UCI Center for Neural Circuit Mapping](#)

March 30, 2021

11:00 am - 12:00 pm

The UCI Center for Neural Circuit Mapping will be hosting Dr. Wei Xu, from the Department of Neuroscience of the University of Texas Southwestern Medical Center, in a virtual seminar where he will present his latest research.

New Positions

The UCI Brain community is hiring. Below are a few of the open positions at UCI. [Visit our website](#) to view all positions and to submit your open position for inclusion on our website.

Faculty Position:

[Adult Residency Program Director \(Open Ranks\)](#)

School of Medicine – Psychiatry and Human Behavior

Final Date: February 8, 2022

Postdoctoral Fellows / Project Scientists Positions:

[Postdoctoral Scholar – Glabe Lab](#)

School of Biological Sciences – Molecular Biology and Biochemistry

Final Date: June 30, 2021

[Immunologist Specialist Series – Glabe Lab](#)

School of Biological Sciences – Molecular Biology and Biochemistry

Final Date: June 30, 2021

Research Staff Positions:

[Clinical Nurse II – Neuro Science ICU – FT – Nights](#)

Neuro Science ICU

Open until filled
