

BRAIN CIRCUIT

Monthly brain-related updates for the UCI community

November 2020

Dear colleagues,

UCI Brain has launched an [‘Ask an Expert’ series](#) to showcase some of the premium features of Dimensions. Each month, we will feature a video answering a question posed by the UCI community. We know your time is limited, so we will keep these videos under seven minutes.

For those who haven't used Dimensions, it is a comprehensive data platform with features including the ability to cross-access research publications, awarded grants, patents, clinical trials, and policy documents. UCI Brain is offering all those involved in brain-related research a premium subscription to this platform. Watch our [tutorial on accessing Dimensions](#) to learn more.

Submit your question to brain@uci.edu for a chance to be featured in this series.

Sincerely,

[Michael A. Yassa Ph.D.](#)

Director, UCI Brain Initiative
